

YEAR IN REVIEW

2019 HIGHLIGHTS

As we close in on 2019 and look back at our major achievements of the year, we feel proud at how far we've come. We wanted to share some of those key milestones with you and thank you for being a part of Yethi's growth.

1

TEST ANYTHING PROTOCOL FOR LEADING BANK IN MALTA

We helped automate regression pack for one of the leading banks in Malta, giving them significant hands-off-lights-off testing capabilities. Pleased with our capabilities, the bank has also signed a 1 yr TAP service contract.

2

PAYMENTS & AML SOLUTION TESTING FOR PAN-AFRICAN BANK

We are supporting a Pan-African bank in testing their Payments and Anti-Money Laundering screening technology systems. This represents a growing area of RegTech validation for Yethi.

3

LOS TESTING FOR LARGE MICROFINANCE COMPANY IN INDIA

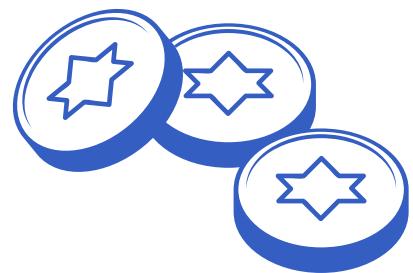

We are testing the Newgen Loan Origination Solution at one of India's largest MicroFinance Companies. With our past success in supporting fast-growing startups, we are looking forward to a long-term association with the firm.

4

CBS TRANSFORMATION FOR INDIAN PSU

We are supporting a large Public Sector Bank in testing the rollout of Finacle

5

3 YEAR MSA WITH GLOBAL TIER-1 BANK FOR CBS TEST AUTOMATION

We signed a 3 year Master Service Agreement with a global tier 1 bank for the automation of Finacle Testing leveraging our automation test engine, Tenjin.

6

EXTENDED CONTRACT WITH LEADING CAPTIVE FINANCE BANK IN INDIA

One of our existing clients, a leading Captive Automotive Finance Company, recently increased the scope of our services for additional technology components.

7

MANAGED TESTING SERVICES PROVIDER FOR TWO INDIAN BANKS

We are providing Managed Testing Services to a co-operative, and a private Indian bank.
