

2020 SNAPSHOT

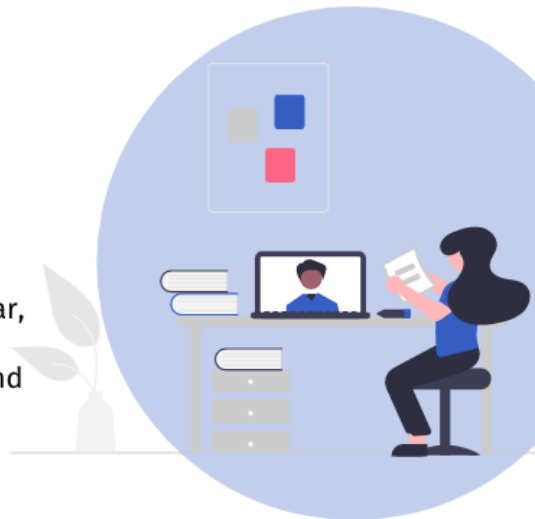

10 NEW CLIENTS

In addition to our existing clients, we started working on new exciting projects with 10 financial institutions across the globe.

123 NEW MEMBERS

Not a made up number! We welcomed exactly 123 new team members this year, most of whom were on-boarded and introduced virtually using MS Teams and other remote working tools.

~300 WORKFORCE

Our workforce strength grew to about 300. For the first time, we worked completely remotely and from home. Although this was new and sudden, we were not only able to work in harmony, we explored new avenues.
